- Problem-solving
- Critical thinking
- Projectmanagement
- Presentation skills

Languages

- Dutch → native speaker
- English → advanced
- French → intermediate
- German → elementary

Hobbies

Saxophone　　Badminton　　Gaming

Education

Hi there, I'm a Master's student in Software Engineering at Open Universiteit. My academic journey has equipped me with strong analytical and problem-solving skills, driving my passion for creating innovative and beautiful applications. Besides coding, I am also a volunteer saxophone teacher, sharing my passion for music with others.

Experience

Oct 2024 - Dec 2024 — **Liantis**
- Student job

Feb 2024 - May 2024 — **D'M&S**
- Internship

Sep 2021 - Jun 2024 — **Howest Brugge**
- Bachelor's degree in Applied Computer Science

Sep 2015 - Jun 2021 — **Sint-Lodewijkscollege Bruges**
- Science and Mathematics

Achievements

2023 — **International Project Pretoria, South-Africa**
- Belgium Campus
- Finding a solution to energy crisis

2022 — **First Place Ypto Hackaton**
- Interactive training application for train managers
- 3 day trip to Microsoft's headquarters in Paris
